GW Research Program on Forecasting

CALL FOR PAPERS

18th IWH-CIREQ-GW Macroeconometric Workshop: Mixed Frequency Data in Macroeconomics and Finance

on December 12th and 13th, 2017 in Halle (Saale)

The workshop provides a platform to discuss new developments in the field of empirical and applied macroeconomic modelling and aims at bringing together academic researchers and practitioners. We invite applied and theoretical papers dealing with time series, business cycles, mixed frequency modelling and forecasting. Papers that explicitly cover the linkage between macroeconomics and financial markets based on mixed frequency modelling are particularly welcome.

Each conference day is opened by an invited speaker followed by contributed papers and posters.

Keynote lectures are given by:

Massimiliano Marcellino (Bocconi University)
John H. Rogers (Federal Reserve Board)

The workshop fee for participants is EUR 125 (reduced fee for PhD students EUR 90). The fee covers conference materials, coffee breaks, the lunch break (Wednesday), and the conference dinner (Tuesday). Please note that all participants have to cover their accommodation and travel expenses themselves.

Information on previous IWH-CIREQ-GW Macroeconometric Workshops can be found here.

Please submit your paper or an extended abstract in PDF format along with information on paper title, name(s) of author(s) and contact details to:
http://www.xing-events.com/Marcro_Workshop_2017
The submission deadline is October 7th, 2017. Authors will be informed by October 25th, 2017.
Registration will be possible from October 25th, 2017.

Conference language:
English

Scientific committee:
Jean-Marie Dufour (IWH, McGill University and CIREQ), Oliver Holtemöller (IWH and Martin-Luther-University Halle-Wittenberg), Boreum Kwak (IWH and Martin-Luther-University Halle-Wittenberg), Tara M. Sinclair (The George Washington University)
