

Application for data access at the IWH Research Data Centre

Name of the database

Surname, first name:

Address:

Telephone:

E-Mail:

Profession/company:

**Detailed research proposal
for the proof of research in-
terest and planned duration
of data use:**

By signing this form you agree to comply with the following regulations:

- The data may only be used for non-commercial research purposes.
- If there is no scientific use file (SUF) available, data may only be accessed on IWH premises.
- Work at the Research Data Centre is to be carried out according to good scientific practise (documentation including source references, traceability, methodology, data protection). This includes a documentation of all data preparation steps, which are to be documented in such a way that third parties can reproduce the obtained results completely and accurately. All programmes used over the course of the project are to be called up from a superordinate master file. The execution of the master file produces all project results. A backup of this documentation remains with the IWH Research Data Centre.
- Upon completion of the research project all data are to be irrevocably deleted from all storage media or transmitted to the IWH Research Data Centre for storage.

It is expressly pointed out that data access is granted at the discretion of the IWH and can therefore be unilaterally terminated if an objective reason exists (scientific misconduct, termination or modification of user agreements with data providers).

Place, date

signature of applicant

Please send the signed application to the following address:

Mail: Leibniz-Institut für Wirtschaftsforschung Halle (IWH), Forschungsdatenzentrum, Kleine Märkerstraße 8, D-06108 Halle/Saale
