**Call for Papers:**

**16<sup>th</sup> IWH-CIREQ Macroeconometric  
Workshop: Challenges for Forecasting  
– Structural Breaks, Revisions and  
Measurement Errors**

The workshop provides a platform to discuss new developments in the field of empirical and applied macroeconomic modelling and aims at bringing together academic researchers and practitioners. We invite applied and theoretical papers dealing with time series and business cycles, international macroeconometrics and finance. Papers that explicitly cover aspects of structural breaks in forecast analyses, real-time data, revisions and error measurement are particularly welcome.

Each conference day is opened by an invited speaker followed by contributed papers and posters.

**Invited lectures are given by:**

- [Nigel Pain](#) (OECD)
- [Simon Price](#) (Bank of England)
- [Tara M. Sinclair](#) (The George Washington University)

The workshop fee for participants is EUR 125 (reduced fee for PhD students EUR 90). The fee covers conference materials, coffee breaks, the lunch break (Tuesday), and the conference dinner (Monday). Please note that all participants have to cover their accommodation and travel expenses themselves.

Information on previous IWH-CIREQ macroeconometric workshops can be found [here](#).
