

16th IWH-CIREQ Macroeconometric Workshop:

Challenges for Forecasting –
Structural Breaks, Revisions
and Measurement Errors

in Halle (Saale)
December 7-8, 2015

The workshop provides a platform to discuss new developments in the field of empirical and applied macroeconomic modelling and aims at bringing together academic researchers and practitioners.

Keynote Lectures:

- Richard Dutu (OECD)
- Simon Price (Bank of England)
- Tara M. Sinclair (The George Washington University)

Scientific Committee: Jean-Marie Dufour (McGill University and CIREQ),
Katja Heinisch (IWH),
Ullrich Heilemann (University Leipzig)
Oliver Holtemöller (Martin Luther University Halle-Wittenberg and IWH)
